Nevada City Nugget

COVERS RICHEST GOLD AREA IN CALIFORNIA

Vol. 14, No. 58. The County Seat Paper NEVADA CITY, CALIFORNIA, The Gold Center MONDAY, AUGUST 26, 1940.

From the Californian, March 15, 1848:
The Liberty of the Press consists in the right to publish the Truth, with good motives and for justifiable ends. —Alexander Hamilton.

Thinking Out Loud

By H. M. L.

Before this presidential campaign is ended we believe that Mr. Roosevelt will have to send someone besides "a boy to market." Secretary of the Interior Ickes in his vituperative blast intended as an answer to Wendell L. Willkie's acceptance speech at Ellwood gave a characteristic demonstration of small-time Mr. Ickes, but his speech was not responsive to the public demand that national issues be discussed. When he states, as an answer to Willkie's challenge to Candidate Roosevelt to publicly debate those issues, that the President is not a montebank, he implies that Abraham Lincoln who did publicly debate national issues with Stephen A. Douglas, was a mountebank. Probably Mr. Ickes did not intend such an inference, but there it is as plain as the wart on Nellie's nose.

One of the comic strips of years gone by was "Everett True" whose explosive temper caused millions of laughs. We expect that if no bridle or check rein is applied to Mr. Ickes, he will in a short time function on the nation's front pages as did "Everett True" in the comics of yester years.

President Roosevelt, or Candidate Roosevelt, in time will probably retire this yip-yipping job holding patrioiteer from the hunt. The President, we surmise, will find that the exigencies of the campaign will require him to find time for fireside chatting. As a President he will have no time for public debates with the contender for his job, but as a candidate he will take time for radio monologues where there's no answering back. He will blandly reconcile this inconsistency with a few well chosen phrases. A large part of the electorate will know that this is presidential apple sauce, but probably there will still be many to take his protestations at face value.

Those who heard Wendell Willkie's talk at Ellwood over the radio will perhaps remember that the greatest outburst of cheering came with his challenge to Roosevelt to debate national issues on the public platform. There is a possibility that a very great proportion of Candidate Roosevelt's own supporters will be disappointed at his lofty disdain for such a challenge. It will be noted that the most read pages of American newspapers are the sports section. Americans are educated in the fair-play ethics and usages of sports. In the sports world when a champion refuses to meet the contender he forfeits the championship. We shall see whether the New Deal candidate can casually send in the spitting and hissing Ickes, and make that a substitute for a public face-to-face discussion of national issues, including his indispensability.

Adverting to something, so it seems to us, of a cheering nature, is the report, as yet unconfirmed by the State Department, that Jaan's attenion has been called to a "day of reckoning". While we are opposed to "speaking softly and carrying a feaher duster," we do believe that little Japan will heed a warning from big Jonathan across the Pacific. For after all, the United States navy, or most of it, is still in the vicinity of the Hawaiian Islands, and the State Department can speak with words that are heavily weighted, so long as the fleet remains there. Japan waits impatiently for the fall of the British Isles, but even in that event, in the back files of its military intelligence, the little brown war lords must wonder just what the United States would do in event the "course of Empire" carried the Japanese into the Dutch East Indies. There are two schools of thought regarding this adventure which the Japanese propose. One is that Japan shold be permitted to take over French, English and Dutch possessions in the Pacific and that we should then look to Japan for our supplies of rubber, tin, etc. Another school of thought, which refuses to recognize German conquest of or title to the possessions of vanquished European nations, believes that Japanese ambitions should be checked now.

A man who has had a leg amputated can, of course, do with a wooden leg, but usually he would prefer two living legs. In realty

Enrollment Of Schools Passes 800

Elementary Pupils Exceeds Last Semester Total; High Same

Classes resumed today for more than 800 Nevada City elementary and high school pupils.

The majority of the school children are attending the elementary school, where the registration for the terms exceeds last semester's number of 528. Registration at the high school is slightly less than the 296 of last semester but many students are expected to register during this week.

The students were welcomed back to school by H. E. Kjorlie, district superintendent of schools, and Vice Principal H. W. Hobbie at the high school and Cecil Klee at the elementary school.

Other Schools Open

Although the Nevada City Unified District schools, which include the local schools and those at Gold Flat, Sweetland and You Bet, and the Grass Valley schools opened today, the majority of institutions of learning in the county do not open until next Tuesday, following Labor Day.

The freshmen class at the high school is the largest of the four classes. Seventy-six freshmen had registered by Saturday night.

Pupils attending school here from the Lake Vera section will have the advantage of a school bus this year. Superintendent Kjorlie said the bus will leave Lake Vera at 8:30 each school morning, arriving at Sugar Loaf at 8:45 and at the elementary school at 8:55. The return trip will be made at night.

The school bus schedule on the other routes will be the same as last year.

RAPE HEARING DATE IS SET

The preliminary hearing for Steve Czoberek, 23, charged with rape, and his brother, Charles Czoberek, 25, former Nevada County Hospital employee, charged with attempted rape, will be held at 10 o'clock Wednesday morning before Justice of the Peace George Gildersleeve here.

The complaints against the two men were filed by the father of an 18 year old Nevada City girl. The offenses allegedly took place two weeks ago in the Willow Valley district.

Airplane Will Be Used In Attempt To 'Spot' Fires

An airplane, bearing Tahoe National Forest fire "spotters" will fly over the forest area this week in an effort to discover possible smoldering fires caused by the lightning storms during the past several days.

Often the forest lookouts are unable to see fires in the deep canyons. Lightning sets so many fires, some which smolder for days before breaking out, the best means of locating them are by use of an airplane.

Fire Dispatcher Ellwood M. Stone reported today more than 15 lightning fires were controlled by Tahoe forest fire fighting crews during the past several days. Most of the fires were in the Truckee district.

Lightning set a blaze in huge fir trees on Tinker's Knob and a crew will be stationed there several days to prevent the possibility of it breaking out again.

ANTLERS WILL MEET

The Antlers Lodge will meet in the Elks Hall here tonight at 7:30 with Exalted Antler Craig Davies presiding. Plans will be discussed for a past exalted antler night in the near future. New officers of the organization, sponsored by the local Elks Lodge, are soon to be selected for the next term, which starts October 1st.

Chinese Store Owner Suddenly Remodels; Looks Like Purity

"For ways that are dark and tricks that are vain, the heathen Chinese is peculiar "

That quotation, from the pen of Bret Harte many years ago, when the Chinese thickly populated the gold mining camps of Northern California, is equally applicable to them today, judging from the actions of C. M. Hing, proprietor of a local Chinese grocery.

As everyone knows, the Purity Stores, Inc., erected a new, modern building adjoining the Hing Grocery. The old fashioned Chinese store and the neighboring Purity Store would be like comparing a 1910 car with the streamline automobiles of today.

So, "For ways that are dark", Hing decided he would do some remodeling. And when that remodeling is completed the former old building will resemble in its entirety the Purity building, even to the circular roof.

Rumors Hing will name his remodeled store the Main Entrance Store or "Little Purity Store" appear to be unfounded.

Polls Open From 6 A.M. Until 7 P.M. Tomorrow

Three Supervisorial Contests In Nevada County Arousing Considerable Interest; Superior Judge Unopposed

Tomorrow is primary election day in California. In Nevada City, as elsewhere in the state, the polls will be open from 6 o'clock A. M. to the hour of 7 o'clock P. M.

Besides balloting on statewide candidates, Nevada Cityans will vote on their choice for supervisor, the only local issue on the ballots except for central committemen. Incumbent Cary Arbogast is opposed by Irvine Seaman and Frank Davies, both city councilmen, for supervisor of this district.

Congressman Harry L. Englebright of this city has no opposition. Neither has State Senator Jerrold L. Seawell or Superior Judge George L. Jones. Assemblyman Allen G. Thurman is opposed by T. S. Marlor on the Democratic ticket but has no opposition on the Republican ticket.

Rowe, Robertson Opposed

Elsewhere in Nevada County supervisors are to be elected. In Supervisorial District No. 2, comprising the Grass Valley area, Incumbent Frank Rowe is opposed by William Younker. Alex Robertson, incumbent, in Supervisorial District No. 5, has two opponents, Ben Tonini, merchant, and C. B. White, retired banker.

In this area, Supervisorial District No. 1, there are nine precincts. The precincts and election officers are as follows:

Nevada City No. 1 Precinct—

Polling Place—Cartoscelli Building, Sacramento Street. Inspector Fred Tredennick; judges, Minnie Allen, J. J. Jackson; clerks, Mary Hoskins, Minnie Young, Alma Marsh.

Nevada City No. 2 Precinct.

Polling Place—Nevada City High School Building. Inspector, Joseph Stenger; judges, Nellie Clark and Maude Hays; clerks, Minnie Sandow, Jonathan Pascoe and Harry Spear.

Nevada City No. 3 Precinct.

Polling Place—Union Hotel, Main Street. Inspector, Minerva Wright; judges, Robert E. Carr and Lucille J. Hamilton; clerks, Adeline O'Connor, Robert L. Tamblyn and Una D. Coughlan.

Nevada City No. 4 Precinct.

Polling Place—Washington Grammar School. Inspector, John Eden; judges, Frances Eilerman and Eva Herboth; clerks, Adeliade Reilly, Alice C. Davies and Alice B. Murchie.

Nevada City No. 5 Precinct.

Polling Place—City Hall, Broad Street. Inspector, Arvida Netz; judges, Clara Phillips and Jane Baker; clerks, Annie Hooper, Nettie Gildersleeve and Cora Feagans.

Gold Flat No. 1 Precinct.

Polling Place — Oakland School House. Inspector, Marille Day; judges Laura Granholm and Frances Hawke; clerks, Mary L. Doolittle, Beryl Granholm and Helen Lane.

Gold Flat No. 2 Precinct.

Polling Place—Tip-Top Lunch on Nevada City-Grass Valley Highway. Inspector, Frank Cartoscelli; judges, Earl P. Sutton and Louise M. Wasley; clerks, Essie M. Yocum, Henrietta Hall and Harriet Koskie.

Selby Flat Precinct.

Polling Place—Lewis Residence on Sugar Loaf. Inspector, William Graham; judges, Jeanette Orzalli and William L. Davis; clerks, Emily I. Kyler, Anna Lang and Elizabeth Thomas.

Willow Valley Precinct.

Polling Place — Willow Valley School House. Inspector, Claude E. Winney; judges, Emma B. Jones and Florence Genasci; clerks, Hazel Wiley, Mary Brisebill and Ellen G. Wilson.

DO AND DON'T

Tomorrow is Primary Election Day.

Do cast your ballot as an American citizen interested in your government.

Don't growl about misgovernment if you fail to vote.

Do study the records of the candidates before you vote.

Don't blame anyone but yourself if you mark X after a bad egg.

Do vote for Allen G. Thurman because he has faithfully served your interest in the State Assembly.

Don't vote for one of Governor Olson's radical stooges because an Olson legislature would cost Californians millions more than its costing now.

Do vote for United States Senator Hiram Johnson because of his long and splendid record of service to California and the nation.

Don't vote for any of the small fry who are running against him.

Do give Congressman Harry L. Englebright, State Senator Jerrold Seawell and Judge Geo. L. Jones complimentary votes, even though they are unopposed. They are so good nobody wants to take them on.

Don't be offended at this candid comment and friendly advice. They belong to the prerogatives of the press to be taken or left, as you please.

PLANS START FOR SPRING FLOWER SHOW AS RESULT OF SUCCESSFUL DISPLAY

The success of Saturday's flower show in the elementary school auditorium, sponsored by the Nevada City Civic Club, has led to the immediate start of plans for a similar show next Spring.

Civic Club sponsored flower shows were formerly an annual event but no show had been held for several years. The revival of the flower show was received with widespread interest and enthusiasm. More than 200 saw the excellently arranged display of flowers for which Nevada City is noted throughout the state.

Mrs. Paul Kemper, chairman of the civic club committee which arranged the show, stated she believes the display and advertising of the beautiful flowers grown here has too long been neglected. She said plans will be made to have both a spring and fall showing of flowers. On Mrs. Kemper's committee were Mrs. A. W. Hoge, Sr., Mrs. Edward Frantz, Mrs. Merle Morrison and Mrs. Arthur Hoge, Jr.

Every inch of space in the elementary school auditorium was used in the display of flowers Saturday. One of the principal attractions was a miniature pool in the center of the auditorium, surrounded by tuberous begonias from the Sierra Begonias Gardens of Mr. and Mrs. Max Williams. The display was designed and arranged by Mr. Parsons of the Felix Gillet Nursery.

A visitor from Modesto, who has had years of experience in flower show arrangements, told Mrs. Kemper the local show was "beautiful," I have never seen nothing quite like it before." She paid high tribute to the committee's arrangements of the displays.

One type of flower which attracted considerable notice was the Clianethus Damperi, a native of Australia. The flower was grown by Colonel and Mrs. John G. True near Colfax. Seeds have been obtained and will be planted in Nevada City by the flower garden enthusiasts.

Evans Speaks

A highlight of the flower show was a talk in the afternoon by Frederick Evans, superintendent of the capitol grounds at Sacramento, on garden problems and the showing by Evans of colored slides of garden scenes during the evening hours of the show.

The Gillet Nursery and Sunnyside Greenhouse as well as the Sierra Begonia Gardens entered non competing displays in the show.

The various prize winners were:

Vase arrangements, Gertrude Goyne, first; Mrs. Charles Elliott, second; pitcher Mrs. Paul Kemper, first; Mrs. Elisworth Bennett, second; low bowl, Mrs. Thorsen, first; Mrs. Danos, second; mixing bowl, Mrs. Gusetti, first; Mrs. Elliott, second; plate or platter, Mrs. E. J. Ott, first; Mrs. Kemper, second; all white, Mrs. Frank Crampton, first; Mrs. Clyde Gwin, second; unusual, Mrs. G. Peard, first; Mrs. Bennett, second; miniatures, Helen Rohrer, first; Mrs. Orlando McCraney, second; juniors, John Rohrer, first; Nancy Williams, second; cacti, and rock plants, Gertrude Goyne, first; Mrs. Bennett, second; weeds, Eileen Merrigan, first; Mrs. Isabel Hefelfinger, second.

Special awards were given to the floor exhibitors. They were as follows:

Mrs. A. W. Hoge, who entered a beautiful display in memory of the late Mrs. W. L. Mobley; Mr. and Mrs. U. S. N. Johnson; Miss Gertrude Goyne and Mrs Isabel Hefelfinger, who entered an east India room display; Mr. and Mrs. Frank Crampton; Miss W. Mulloy, William Richards, Sierra Begonia Gardens, Felix Gillet Nursery, Mrs. Chester Scheemer, Albert Johnson, Sunnyside Greenhouses, Mrs. E. Granholm and Elza Kilroy.

HOSPITAL BRICKS ARRIVE IN G. V.

Two carloads of glass bricks for the Memorial Hospital, under construction near Grass Valley, arrived in Grass Valley on the Nevada County Narrow Gauge Railroad yesterday.

The bricks were sent from Muncie, Indiana. There were 1,800 cartons in the two carloads. Last week metal sash for the hospital arrived in Grass Valley from Brenen, Ind.

The arrival of the bricks will enable the speeding up of construction on the Memorial Hospital, which will be one of the most outstanding in the country.

Joseph Sbaffi and Percy Hoskins, former residents of this city now employed in Alleghany, were weekend visitors here.

FIVE TAHOE FOREST FIRE FIGHTERS SENT TO SAN BERNARDINO

The Tahoe National Forest sent five men by airplane to the San Bernardino National Forest to take key positions in the fighting of a serious blaze there. It is the second time this season men have been sent from here to assist in battling fire in the San Bernardino forest. DeWitt Nelson, formerly supervisor of the Tahoe forest led the fight on the San Bernardino flames, which were controlled yesterday.

The Tahoe men sent to assist in the fire fighting, all whom returned yesterday, were Ranger H. I. Snider of Truckee, Leo Chatfield of Camptonville, Joseph Wales of Forest Hill, Eli Allen of Downieville and Bill Howden of Nevada City.

Search Is Started At Jones Bar

Alleged Wifebeater Is Object Of Widespread Hunt By Officers

Sheriff Carl J. Tobiassen and deputies resumed their search in the Jones Bar district today for Riley Appleton, who reportedly beat his wife Friday night and then burned all her possessions, including clothing, personal articles, books and photographs.

Sheriff Tobiassen and Undersheriff William D. Woods were unsuccessful Saturday and yesterday in search for Appleton, who is believed to be hiding in the woods in the vicinity.

Appleton's actions Friday night, Sheriff Tobiassen said, aroused the entire populace of the Jones Bar district. A .22 caliber rifle he had in his possession was taken from him and hidden. Appleton then assertedly took an axe and damaged everything within reach, including a truck.

Fire Warden William Sharpe investigated the fire Appleton started and will probably file a charge of unlawfully setting a fire near burnable material. Mrs. Appleton also told the officers she is willing to place a charge against her husband.

Appleton has been in difficulties with the authorities before. At one time he was held in custody on a charge of disturbing the peace.

MINE OFFICIAL FILES FEDERAL COURT ACTION

A suit to establish his claims to five mining properties in Nevada County was filed in the federal court in Sacramento by Cooley Butler, operator of the Golden Center Mine in Grass Valley, against the Empire-Star Mines, Ltd.

Butler's suit is in answer to one filed against him in the Nevada County Superior Court by the Empire-Star Mines recently. The latter asked for damages from Butler because of the flowage of water upon its workings in a portion of the involved property.

The Golden Center Mine operator claims he is the owner of the properties and that access to the mine and its workings was given by him to the defendant. He charges that other workings have been made without his knowledge and consent and the defendant repeatedly has refused him permission to examine these workings.

Butler asks that the defendant be required to set forth the nature of its claim to the property and that the court to decree his right of ownership.

The Nevada County action is to be soon set for trial. The cases are arousing considerable interest in this area.

WANTED TO BE FIRED, SO HE SET A FIRE

Raymond Romberg, of Sacramento did not like his job at the "76" mine but was apparently backward about quitting and set a forest fire in order to get discharged, according to Tahoe forest officers. His idea as expressed in an affidavit made before Tahoe law enforcement officer J. D. Rafferty was that his employer would question him about the fire and upon his, Rombergs acknowledgment of its origin he would be given his walking papers. Romberg was disappointed in this strategy but District Ranger F. W. Meggers of Camptonville did question him and the result was Rombergs arrest.

An unlooked for sequel according to Guerdon Ellis, forest supervisor, was the discovery that Romberg was an army deserter, and upon telegraphic request from army officials he has been turned over to them to answer that charge.

SUBSCRIPTION RATES

One year (In Advance) $2.50

Now Let's Vote!

California has a record registration of 3,782,702 voters qualified for the primary election Tuesday, August 27 — a healthy sign of good citizenship.

But to register is not enough. Now, let's get out and vote —and vote intelligently!

In past years, tens of thousands of voters have skipped the primary, contenting themselves with going to the polls at the General Election, apparently on the assumption that the primary is lacking in importance. Nothing could be farther from the truth. In California, most congressmen and legislators—not to mention many local officials—are elected at the primary. If you wait until the General Election, in many instances it will be too late. And the man you wanted to represent you may be left at the post just because you and too many others were missing at the ballot booth.

No matter how you vote, next Tuesday VOTE.—Contributed.

A Life Is Saved

I saved a life this morning!

It happened as I drove to work. The street seemed safe and free from traffic. The temptation to step hard on the throttle was difficult to resist. Yet, a few seconds later, from between parked cars dashed a little child, a child whose life would surely have been forfeit had the speed of my car been greater.

There seems to be an answer in that incident, an answer to the question that has often been asked by those who think as they sit behind the wheels of their cars: "What can I do to prevent death on the highways?"

What can you do?

Highway safety is above all else a personal matter. It depends not so much upon machines, as upon minds. It centers not so much upon tires as upon thoughts. It thrives on personal care more than on super highways.

What can you do? You can stop thinking of "sudden death" in terms of the other fellow. You can begin making it your personal problem in your daily life. You can put safe driving in the front rack of your mind.—Contributed.

PICKING 'EM UP

Quincy Scott, in The Oregonian, of Portland, Oregon.

MOSQUITO RIDGE TIMBER STAND WILL BE SOLD

Tahoe Forest officials will know just how much timber they will have to place on the market in the Auburn working circle which takes in the rich virgin stands of pine and fir in the Mosquito Ridge section of the Forest Hill district, when Oscar M. Evans timber expert from San Francisco completes intensive timber cruise. Evans has just arrived with a crew of ten men and set up camp at French Meadows. A preliminary 1 per cent cruise made some time ago showed the working circle to contain approximately 25,000 acres on which there was approximately 470,000,000 board feet of sugar and ponderosa pine and 425,000,000 board feet of fir and cedar, according to B. C. Goldsmith, Tahoe logging engineer. A more accurate cruise is required, according to Goldsmith, before the timber can be advertised for sale and prospective purchasers can estimate the practicability of the venture and the amount of logging and mill equipment required to handle it.

Evans has been in charge of timber surveys for the California Region of the forest service for 20 years according to Goldsmith. His crew is usually composed of graduate foresters and many administrative and technical officials now high in the service got their initial experience in forest service work with him.

Concurrently a management plan is being worked up by junior forester, W. R. Howden, assistant to Goldsmith. Howden and C. E. Risbrudt of the San Francisco office of timber management have just completed six weeks field work and are now compiling their data in the Nevada City headquarters of the forest.

The purpose of the plan, according to Goldsmith, is to determine the annual increment, location of the stands that should first be cut etc., and the allowable annual cut. Forest officials hope to avoid "ghost camps" that have resulted from a "cut out and get out" policy and provide a stabilized lumber industry for the community for an indefinite period.

On account of the Mosquito Ridge virgin stand being now over-mature, a 60 per cent cut is planned to begin with. The marketing of this stand of timber is contingent upon the completion of the Mosquito Ridge truck trail upon which the Tahoe has been working for the past several years, according to Guerdon Ellis, forest supervisor. Ellis states that a severe reduction in road appropriations has temporarily shut down this project, but he is in hopes that he will be able to secure appropriations to complete the road and tap this timber reservoir before destructive insects get started. He states that overmature stands of timber are particularly vulnerable to insect infestation.

DEAN OF JUNIOR COLLEGE HERE TODAY

Dean Wyman E. Olson of Placer Junior College will be in Grass Valley today to meet with prospective students of Placer Junior College, who plan to register September 3, when school opens.

Dean Olson will be at the Bret Harte Hotel early in the afternoon and early in the evening. He will spend the late afternoon in Nevada City.

Forty five Nevada County students are signed up for work this coming semester at Placer Junior College, and Olson estimates there will be fifty when college opens.

Those listed from Nevada City are: Philip Angove, Dick Keene and William Wagner.

Mrs. Green—"Why don't you ask your husband's advice on the matter?"

Mrs. Brown—"I intend to as soon as I've decided what to do."

WAR MINERALS RESOLUTION OFF TO ENGLEBRIGHT

Request Made For Survey To Determine Extent Of Essential Metals

A resolution urging the United States Bureau of Mines be requested to take necessary steps to make a complete survey of essential war minerals in El Dorado, Nevada, Placer and Sierra Counties, adopted at a meeting of representatives of the boards of supervisors of the four counties here, has been sent to Congressman Harry L. Englebright in Washington, D. C., for proper action.

In the meantime, Richard Haddy, who proposed the meeting here, said he plans to contact the supervisors of 18 other counties in the state that have chrome and manganese to further like programs in those counties.

Congress has appropriated money for surveys to determine the extent of essential war mineral and the resolution adopted at the meeting is a preliminary step to secure a portion of the funds.

The resolution reads:

Whereas, The Counties of El Dorado, Nevada, Placer and Sierra, in the State of California, have the necessary rock formations and known deposits of essential minerals, needed in time of war,

And Whereas: it would be a great benefit to both the counties above named and the Federal Government to have a complete survey made of such minerals, for the use of either private or governmental agencies,

And Whereas, the U. S. Bureau of Mines has appropriated monies to make such a survey.

Now Therefore Be It Resolved, that the U. S. Bureau of Mines be requested to take the necessary steps to make a complete survey of the essential minerals in the counties above named, and to use such WPA labor in making such survey, as possible.

MORTAL STORM AT NEV. THEATRE TUESDAY NIGHT

Looking at history in the present rather than the past tense, "The Mortal Storm," a thrilling document of current world affairs, will open at the Nevada Theatre for an engagement of two days, tomorrow night.

With an all star cast headed by Margaret Sullavan, James Stewart, Robert Young and Frank Morgan, the dramatic new offering based on Phyllis Bottome's best seller novel, brings to the screen ample food for thought.

The story deals with the experiences of a family "somewhere in Europe", who become a house divided as a result of political dissension. It is dramatic, simply told, effective. It is the picturization rather than the fictionizing of daily headlines, presented with no more fanaticism than the report of a foreign correspondent.

As the daughter of the family, Freya Roth, Miss Sullavan turns in another sterling performance. Her treatment of the character is sympathetic and genuine. The same may be said of James Stewart as Martin Breitner.

CAMBRIDGE MAN MAY OPEN BUSINESS HERE

Mr. and Mrs. Clifford Robbins have received word Benjamin Creedman, father of Mrs. Robbins and Melvin Creedman, Mrs. Robbin's brother, are due to arrive in Nevada City today from Cambridge, Mass., where Creedman conducted a photography business.

Melvin Creedman had been residing with his sister and brother in law here, and is returning to resume his studies at the Placer Junior College.

Robbins said his father in law will open a photography shop here. Creedman, Robbins stated, is desirous of living here because of the healthful climatic conditions.

Returns From Berkeley—

Dan Ungaro of Nevada City, teacher in Roseville schools, has returned here after attending summer school at the University of California in Berkeley. Ungaro will vacation here until school commences in Roseville in two weeks.

THINKING OUT LOUD

(Continued from Page One)

we are facing the question of whether we are going to permit Japan to dominate the Pacific, just as she now does Manchuria and parts of China, or whether we are going to insist that we shall have our fair share of Pacific trade, with no special advantages for Japan or any other nation. Japan would like to amputate our Pacific trade leg, while in the Atlantic Herr Hitler, given an opportunity, unquestionably would saw off our Atlantic trade leg. We could get on with wooden legs, but should we?

Elliotts Return—

Mr. and Mrs. Charles Elliott, and daughter, Barbara, who have been vacationing in the southern part of the state for the past two weeks have returned to Nevada City. Elliott today resumed his duties at the Harris Drug Store.

Youths Enjoy Trip—

Seven Nevada City youths who spent a week in San Francisco have returned to their homes here. Those making the trip were Ray Davies, Craig Davies, Ted Sigourney, Jr., Norman Kopp, Kenneth Worthley, Joseph Widauf and George Strach.

SPORTS

GRIDIRON PRACTICE WILL START FOR YELLOWJACKETS TOMORROW

Local Football Players Will Have Nine Game Schedule, Opening With Contest With High School Alumni

With a nine game schedule facing them, Nevada City High School football hopefuls will start gruelling practice sessions tomorrow afternoon under the direction of Coach Edward Frantz.

Although he said it is still too early to judge the strength of the local football squad this year, Coach Frantz believes he will have a good team, inasmuch as many veterans of last year's eleven are returning and several transfers from other schools will be available.

Coach Frantz was to issue football suits to the gridiron candidates this afternoon. For the regularly scheduled games, the Yellowpackets will have new suits of purple and gold, the school colors.

Will Play Alumni

The season will open for the Yellowjackets with a game with the high school alumni on either the 13th or 14th of September. Other games scheduled include Placer High School in Auburn; San Juan High School in Folsom; Placer High Reserves here, Roseville High School here; Gridley High School there; Grass Valley High School there and Placerville High School here.

Unless something happens Bill Muscardini, Ronald Joyal and George Phillips, all veterans of last year's A squad, will fill three of the backfield positions.

Some of the players on last year's B team, much stronger and heavier this year, will no doubt be valuable in the forming of this year's aggregation. Linemen veterans of last year's A eleven are Kirk Martin and Allen Spracklen. From the B team linemen Coach Frantz will have Ben Barry, Howard Watkins and Ken Worthley. Harry Roberts, a substitute on last year's A team, will also be back in uniform.

This will be Coach Frantz' second year as the local high school football mentor. With the morale of the prospective football players high and the additional incentives of new football suits to play in and a fine turf to play home games on, the Yellowjackets are expected to make an excellent showing this year.

The local gridiron turf is in fine condition. It is considered one of the best football fields in Northern California.

MINERS WIN SECOND HALF VALLEY LEAGUE FLAG, BEATING REDDING 4-3

Defeating Redding 4 to 3 yesterday, the Grass Valley Miners captured the second half of the Sacramento Valley League. The Miners will play Chico, first half winners, in a two out of three games series for the championship. A meeting of representatives of the two teams will be held tonight to decide where the first game will be played.

The win for the Grass Valley team ended one of the hottest Valley League races in years. If Redding had won it would have resulted in a three way tie for the title, necessitating a series of playoffs.

The game was a pitcher's battle with Manager Archie Campbell of the Miners having a slight edge over Baldwin star Redding pitcher. Grass Valley collected 10 hits off Baldwin while the latter's teammates were able to nick Campbell for only eight bingles.

Chico's 2 to 1 victory over Marysville gave the first half winners second place. As a result of the loss to Grass Valley Redding finished in third place.

The scores yesterday were:

	R.	H.	E.
Grass Valley	4	10	1
Redding	3	8	3

Batteries: Campbell and Brock; Baldwin and Murphy.

	R.	H.	E.
Chico	2	8	0
Marysville	1	8	0

Batteries: LeGault and Dalrymple. Perry and Borreani.

	R.	H.	E.
Woodland	2	7	2
Yuba City	1	5	4

Batteries: Kirtlan and King; Newman and Roberts.

SACRAMENTO IN FIGHT TO FINISH WITH SAN DIEGO

Two Teams Battling To Get Into First Division Playoffs

The Sacramento Solon's duel with the San Diego Padres for a chance to participate in the Pacific Coast League playoff spoils at the end of the year will continue this week with both teams taking to the road. They will go north and play Portland and Seattle on consecutive weeks.

The last week of the season and the one that in all probability will tell the story of this hotly contested battle between the Solons and the Padres for a playoff berth gives Sacramento the edge, as the Solons will play at home the Hollywood Stars, who are likewise bidding for the first division, while the Padres must engage the first place Seattle Rainiers.

In all probability the Solons and the Padres will battle back and forth right up to the closing day before it is finally settled which one will get a chance at the $10,000 play off melon to be split between the first division clubs.

PAUL VILES ATTENDS BUICK CONCLAVE

Paul Viles, local Buick dealer, and members of his sales organization, will leave for Los Angeles tomorrow to attend Buick's annual west coast sales convention for a preview of the new Buick models and to hear Buick manufacturing and sale plans for the 1941 season.

More than 1,000 Buick dealers and salesmen from all sections of the state will attend the Los Angeles meeting, which is scheduled several weeks in advance of the public presentation of the new Buick cars.

Recovering From Operation—

The friends of Miss Ruth Curnow, daughter of Mr. and Mrs. Horace Curnow, will be happy to know she is showing rapid improvement in her recovery from an appendicitis operation, performed last week at the Miners Hospital.

Lee Leiter Leaves—

S. Lee Leiter, who spent a week visiting relatives and friends here, returned to the bay district last Wednesday. Leiter was formerly in business here.

FINAL SERVICES CONDUCTED FOR MRS. HELMET

Final services were held at the Holmes Funeral Home here this morning for Mrs. Alice Irene Helmet, 71, former local schoolteacher, who died last Thursday following a stroke at Goodyears Bar in Sierra County. Mrs. Ida McGonigal read Christian Science services. Cremation at East Lawn was to take place later today.

Mrs. Helmet, with her husband, V. G. Helmet of San Francisco, went to Goodyears Bar, where they have a summer home, recently on vacation. She suffered the stroke a week ago yesterday.

The deceased was a daughter of the late Mr. and Mrs. A. B. Gregory. Following her graduation from the Nevada City High School, she taught for many years in this vicinity.

Mrs. Helmet was born in Nevada City on February 25, 1869. Although she had lived in San Francisco many years she often visited in this district, where several nieces and nephews still reside.

Quartz and Placer claim location notice blanks at the Nugget Office.

FORMER BLOOMFIELD RESIDENT PASSES ON

Funeral services were held in Sacramento today for Mrs. Katherine C Coppin, 84-year-old native of the historic gold mining town of North Bloomfield, who died in Sacramento Saturday

The deceased was the widow of the late A. E. Coppin. She was the mother of Earl C. Coppin, yard superintendent for Friend and Terry Lumber Company and of Mrs. Edith Marx of Sacramento. Mrs. Adele Merkens of San Francisco was a sister.

FLY TO RENO

John Johnson, Walter Johnson, Robert Paine, James Davis and Joe Sbaffi flew to Reno yesterday in a DeNeal chartered airplane. The plane landed in Reno 30 minutes after leaving the local airport. The group returned to this city last night.

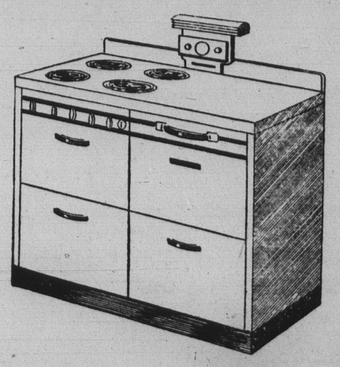
Easy Sailing Mates

Cast away all anchors that hold you to a hot kitchen

Cook ELECTRICALLY



Why be moored to a hot kitchen this summer by an old-fashioned stove? You'll escape it if you will cook electrically, as thousands of other California housewives are doing. Electric cooking is automatic. You put food into the electric oven. You set time and temperature controls. You have nothing more to do. An electric range does ONE job capably—it cooks food—not the cook.

You can afford this new luxury of California living. It is not expensive. Electric Range prices have never been lower—probably less than you paid for your present stove. Electricity for cooking is cheap in California—very little more perhaps than your present fuel costs. Will you look into electric cooking for your home NOW? You really should do it.

REGISTRATION OF ALIENS IN THIS AREA WILL COMMENCE TOMORROW

Postmaster Betty Martin West Announces Registering Is Compulsory; Will Continue Until December 26

The registration of all aliens residing in this area will commence tomorrow and continue until December 26th, Postmaster Betty Martin West announced here today.

All aliens 14 years of age or more are required to register. Alien children under 14 years must be registered by their parents or guardians. Generally speaking, foreign-born persons who have not become citizens of United States are aliens. Persons with first citizenship papers must register.

The United States Department of Justice issued the following statement regarding the national registration of aliens.

Registration Compulsory

"The registration of aliens is compulsory. A specific act of Congress—the Alien Registration Act of 1940—requires all aliens to register during the official registration period. August 27th to December 26th, 1940. All aliens 14 years of age or over must be fingerprinted as a part of registration. A fine of $1,000 and imprisonment for six mtnhs is prescribed by this law for failure to register, for refusal to be fingerprinted, or for making registration statements known to be false.

"Registration is free. You should not pay anyone to register for you. It is not necessary to pay any person or group to assist you in registering. The government, through its post offices, will assist you as much as possible. Complete instructions and the official regulations for registration may be examined at registration post offices.

"The Alien Registration Act was passed so that the United States could determine exactly how many aliens there are, who they are, and where they are. Registration, including fingerprinting, will not be harmful to law-abiding aliens. All records will be kept secret and confidential and will be made available only to such persons as may be designated with the approval of the Attorney General of the United States.

Aliens Protected

"Attention of all citizens as well as aliens is called to the laws of the United States which protect aliens in this country. A receipt card will be sent to every alien who registers. This card will serve as evidence of registration.

"After registration, the law requires all aliens and parents or guardians of aliens to report changes of residence address within five days of the change to the Immigration and Naturalization Service, Department of Justice, Washington, D. C. You can get change of address forms at post offices. All aliens in the United States are urged to comply fully with the provisions of the Alien Registration Act of 1940.

"Do not delay your registration. Complete it as soon as possible.

"Apply to local post office for registration blank and full particulars."

TAHOE FOREST OFFERS YOUTHS OPPORTUNITIES

Announcement has been made here by Supervisor Guerdon Ellis of the Tahoe National Forest that an extensive system of vocational training for youths will be set up in the Tahoe forest area through cooperation of the National Youth Administration.

Training units will be established in the Nevada City, Downieville, Camptonville, Big Bend, Forest Hill, Bloomfield, Sierraville and Truckee units of the forest administration.

Ellis said there will be openings at once for three youths in the forest's garage and machine shop, five in the woodshop, about three in the forest warehouse and that openings will be available at all of the district offices for training in clerical work, including drafting, typing, stenography, telephone operation and statsitical work.

Charles T. Brier, NYA district manager with headquarters in Marysville will be at the department of employment offices in Grass Valley on the afternoon of September 3rd to interview interested young men and women. The places will be available to unemployed youths between the ages of 18 and 25. Youths unable to arrange for personal interviews with Brier are asked to write to the NYA district office in Marysville.

LAST CHANCE FOR BOOKS

Thursday will be the final day for buying state fair script books. The books offer $5 worth of tickets for $2.50. They can be obtained from H. F Sofge at the local chamber of commerce.

124 Mill Street, Grass Valley

WEEKEND TRAVEL POSSIBLE ON LAKE BOWMAN ROUTE

Work on the Bear Valley-Bowman Lake project is on a five day a week basis now, according to Tahoe Forest officials, and that route to Bowman Lake and points beyond should be practicable on Saturdays and on Sundays.

Heretofore forest officers have advised autoists to go by way of Washington and the Gaston grade and forest supervisor Ellis states that this would still be the advisable route on other week days when autoists would probably be inconvenienced by the fleet of dump trucks hauling surfacing material for the road.

The flood repair work being done on the Henness Pass road now by a forest service crew under foreman A. J. Parker should result in considerable betterment to the road, according to forest engineer G. E. Mitchell, although the appropriation act does not specifically authorize betterment work. Successive annual maintenance, Mitchell says, has resulted in the road ,in some places, being dug several feet below the surface of the ground taking on the appearance of a dry canal. The only way to repair damage such as was done by the past winter floods, is wherever possible, open one side with a bulldozer and widen the road. Mitchell hopes that the road can be completely repaired as far as flood damage is concerned through to Bowman Lake by the end of the working season.

Woman, Gored By Bull, Saved From Death By Brother

Mrs. Eleanor Bristol, 29, gored by a bull at her father's ranch at Woodpecker Ravine below Grass Valley Friday, remains in a serious condition at the Nevada City Sanatarium.

Mrs. Bristol's injuries, which include a crushed chest, fractured arm, and painful gore wounds, will confine her to the sanatarium for a long while. She is under the care of Dr. Harry N. March.

The injured woman's brother, Raymond Wilson, is credited with saving her life. Attracted by his sister's screams, Wilson rushed from the ranch home to her aid. He was assisted by several dogs in driving the bull away from Mrs. Bristol, who was pinned against a fence.

It was the first time the bull, about two years of age, had ever became enraged. Mrs. Bristol was bronght to the sanatarium here in the Holmes ambulance.,

TAHOE PACIFIC CARAVAN PLANS ABOUT COMPLETE

Reports At Yuba City Meeting Indicate 300 Cars Will Participate

Plans are nearly complete for the Tahoe Pacific Highway 20 Association caravan to the state fair in Sacramento on Friday, September 6th which has been designated Tahoe Pacific Day.

At a meeting in Yuba City Friday night reports were heard from the chairmen of the committees in the six counties participating in the caravan.

The reports indicate there probably will be 300 cars in the parade. The Nevada City section of the caravan will organize near the courthouse here between 7:30 and 8 o'clock on the morning of the 6th. The Nevada County section will meet the caravans from other counties in Marysville. From there the complete caravan will leave for the fair grounds in Sacramento at 9:45 a. m. When the caravan participants meet in Marysville they will be given badges, which will entitle them to preferred parking places at the fair and admission to a reserved section in the grandstand.

Singers Will Appear

A feature of Tahoe Pacific day at the fair will be two hours of entertainment in Fiesta Hall. Eben K. Smart of Grass Valley will act as master of ceremonies on the program which will include songs by Grass Valley Cornish Gold Singers. The Fort Bragg, Grass Valley and other high school bands will be on the program. Efforts are being made to have the Nevada City high school band also participate.

The Yuba City meeting was attended by representatives of Lake, Colusa, Sutter, Nevada, Yuba and Mendocino Counties.

Those present from Nevada City were Guerdon Ellis, general chairman of the caravan committee, Bert Foreman and H. F. Sofge, president and secretary, respectively, of the local chamber of commerce.

FORMER NEVADA CITY COUPLE VISIT HERE

Mr. and Mrs. C. E. Tegler of Forest Grove, Oregon, are visiting old friends in Nevada City. In his younger days Mr. Tegler was a conductor on the Nevada County Narrow Gauge railroad. Later he established himself in the confectionery business on Broad Street. He sold the business to James F. Coley in 1916 and then moved from Nevada City. He and Mrs. Tegler are enroute to San Jose where they will visit relatives.

COMMUNISTS ASSAIL RECORD OF THURMAN

"The People Be Damned" a communist booklet published by the Peoples World, communist newspaper of San Francisco, listing a voting record on some 24 bills supported by the communists and their followers is being used against Assemblyman Thurman in his campaign for re-election.

Thurman, according to the booklet, was credited with 21 bad votes and 3 good votes. Reading the booklet he was surprised that he had been recorded with three favorable votes.

Among the bad votes the communistic booklet records against the local assemblwman were the following:

A bill to Russianize the newsboys of California.

The bill to repeal the anti-syndicalism act.

A bill which would have taken away the right of home rule in the mountain counties.

A bill which would have forced another payroll tax on the business men as well as a tax on the laboring man for compulsory health insurance.

A severance tax bill which would have been another heavy burden to the mining industry.

Other taxation measures, the largest budget in the history of the state and millions of dollars for relief with no strings attached.

And finally a bill authorizing the setting up of a board to fix a wage scale that farmers would have to pay, when the first thing that the farmer and fruit grower needs is some assurance that he will receive a profit for his product.

VITAL STATISTICS

BIRTHS

DAVIS —In Alleghany, August 21, 1940, to Mr. and Mrs. Jason Davis, a daughter.

JOHNSON—In Nevada City, August 22, 1940, to Mrs. Anne Johnson of the Grass Valley district, a daughter. (The father died recently.)

KALENBORN — In Grass Valley, August 21, 1940, to Mr. and Mrs. Fred M. Kalenborn of the Alta Hill district, a daughter.

MARRIAGE LICENSES

ACKLEY-BRIGGS — In Nevada City, August 23, 1940, to Irving Louis Ackley, 27, of Washington, Nevada County, and Wilma Elizabeth Briggs, 26, of Oakland.

HAFELFINGER-FRINT—In Reno, Nev., August 22, 1940, to Fred Hafelfinger, 37, and Josephine L. Frint, 25, both of Nevada City.

DEATHS

HELMET—At Goodyears Bar, Sierra County, August 22, 1940, Mrs. Alice Irene Helmet, formerly of Nevada City, wife of V. G. Helmet of San Francisco; a native of Nevada City, aged 71 years. The funeral services were held this morning at the Holmes Funeral Home. Mrs. Ida McGonigal read Christian Science services.

JUNIOR COLLEGE BUS DRIVER TESTS

Dr. John H. Napier Jr. district superintendent of Placer Junior College, has set August 22 and 29 as the dates for testng applicants for the positions of student bus drivers that will open during the fall term at the Auburn school.

M. H. Ellestad, instructor in automobile mechanics, and members of the state highway patrol will conduct the examinations.

Students who obtain these positions must also retain passing grades in at least 10 1-2 hours of college work at all times, and maintain a grade point average of at least 8.

Ray Long, who drove the Nevada County bus the second semester last year, will not return to college next semester.

SOCIAL EVENTS

School Teacher Will Wed G. V. Merchant

Miss Grace Mulcahy, daughter of Mr. and Mrs. Thomas Mulcahy, and Fred Conway, Grass Valley businessman will be married at the home of Miss Mulcahy's parents next Saturday.

The bride will be attended by her sister and Raymond Conway will be his brother's attendant.

Miss Mulcahy is well known in Grass Valley and Nevada City. Her father is a director of the Nevada Irrigation District. She is a graduate of the Grass Valley High School, Sacramento Junior College and Chico State Teachers College. Last year she teached at the Pleasant Valley school in this county.

Conway, who also attended Sacramento Junior College, is a son of Mr. and Mrs. P. J. Conway of Grass Valley.

Club's Picnic Will Be Held At Vera

The Nevada City Business and Professional Women's Club will hold a picnic Wednesday night at Lake Vera. The picnic will serve as the regular social meeting of the month.

Mrs. Ethel White and Miss Mary Louise Keckler are joint chairmen of the committee arranging for the picnic. Those who intend to attend the picnic are requested to call Mrs. White at 596 by tomorrow. Mrs. White stated members are welcome to bring guests.

The group will meet at the corner of Pine and Commercial street at 6 o'clock Wednesday and transportation will be provided for those without cars.

CELEBRATES BIRTHDAY

CAMPTONVILLE, Aug. 26.—Everett Kessler, of North San Juan, celebrated his birthday at the home of his grand-mother-in-law, Mrs. M. G. Calvin, at her home on Main Street last week with a chicken dinner, which Mrs. Calvin has the reputation of being able to prepare. He fared very well in the way of birthday cakes, receiving four, one from his wife, one from his mother in law, one from Mrs. Calvin and one from his aunt.

The following were present: Mr. and Mrs. Everett Kessler, Mrs. Irene D. Bishop, Jackie Bishop, Darleen Bishop and Mr. and Mrs. M. G. Calvin.

Shower Honors Prospective Bride

Misses Billy Keller and DeVelee Karkling were hostesses at a kitchen shower last week at the Mr. and Mrs. George Keller home, honoring Miss Betty Scates, who will soon become the bride of Frank Black.

Games were enjoyed by the guests. The hostesses served refreshments. Those present at the shower included: Charlotte Karkling, Vici Soga, Violet Soga, Margie Clark, Pearl Strach, Gertrude Deason, Rose Belisle, Enid Brown, Evelyn Elliott, Jean Elliott, Doris Rozynski, Ann Gottholt, Dorothy Roberts, Sherrie Karkling, Doreen Foreman, the honored guest and the hostesses.

MONDAY
UNTAMED — A tense picture based on Upton Sinclair's novel, starring Ray Milland and Patricia Morrison. This is hailed as the most exciting adventure-romance of the frozen north ever filmed.

TUESDAY and WEDNESDAY
THE MORTAL STORM — A love drama of today that will linger in memory for years. It is founded on the great novel by Phyllis Bottome, starring Margaret Sullivan and James Stewart.

THURSDAY AND FRIDAY
ONE MILLION B. C. — Monsters of the ancient world are recreated to roam the earth and menace the lives of prehistoric men and women. This is a Hal Roach drama of this planet at the dawn of time, majestic, thrilling, awe inspiring.
